## Summary

Senior Software Engineer with 14+ years of experience in the iOS ecosystem, evolving from product engineering into Mobile Platform and Developer Experience.

## Education

University of São Paulo (USP)

BSc

Applied Mathematics (IME-USP)

São Paulo, Brazil • 2008 - 2013

## Experience

**Block**

Toronto, Canada

Senior Software Engineer, Mobile Platform

Sep 2020 - May 2026

- Led major initiatives in migrating the iOS monorepo and App Store distribution workflow to Bazel, including adoption of rules\_xcodeproj, rules\_swift and rules\_apple, improving build times by ~20%
- Collaborated with cross-functional teams to deliver projects and align the long-term vision for the mobile platform and developer experience
- Mentored engineers to accelerate their onboarding, growth and feature delivery
- Conducted 100+ technical interviews and presented at internal events

**UpHabit**

Toronto, Canada

Senior iOS Engineer

Jan 2018 - Sep 2020

- Optimized performance of long-running background tasks in the iOS app
- Championed the adoption of design patterns across iOS development
- Automated repetitive workflows (UI test setup, release branch management, local storage handling, CI integration)
- Contributed to backend APIs used by mobile clients

**Atitude Mídia Digital**

São Paulo, Brazil

Lead Mobile Engineer

Aug 2016 - Nov 2017

- Refactored legacy codebase into a core framework consumed across multiple apps
- Introduced scrum rituals to improve work prioritization
- Drove backlog planning and grooming for iOS and Android workstreams
- Contributed to AWS infrastructure to improve live streaming quality
